

ISC 25<sup>th</sup> Anniversary Commemorative Series: March 2020

Interagency Security Committee (ISC) Stakeholders,

Yesterday marked the 17<sup>th</sup> Anniversary of the Department of Homeland Security. DHS has been the home of the ISC for the last 17 years since its transfer from the General Services Administration in accordance with Executive Order 13286.

The transformation and realignment of the U.S. government since 9/11 has helped to better protect Americans. While much has been accomplished, more remains to be done. DHS is committed to a comprehensive whole-of-government and whole-of community approach to combatting terrorism and targeted violence. The Interagency Security Committee has a major role in the whole-of-government portion of this strategy. ISC Policies and Standards are top-tier risk management resources developed by industry leaders across the Federal government. Hailed as “the gold standard,” ISC policies and standards are developed and evaluated through a rigorous review process and members can use them to make facility security decisions with confidence.

As the 25<sup>th</sup> Anniversary of the Oklahoma City bombing is fast approaching, we would like to remind you to follow along *168 Days* with us at <https://memorialmuseum.com/remember/day/119/>. The Oklahoma City National Memorial and Museum is observing *168 Days* to remember those 168 that were killed, honor the survivors and express gratitude for those first responders whose lives were changed forever.

Thank you for your continued partnership.

Very Respectfully,  
Daryle

Daryle Hernandez | Chief, Interagency Security Committee (ISC) | Office 703.235.8116 | Cell 202.836.0081
