Call To Order

Caitlin Durkovich
• Assistant Secretary, Office of Infrastructure Protection, Department of Homeland Security

Robert Dix
• Chair, Partnership for Critical Infrastructure Security / Vice President, Government Affairs & Critical Infrastructure Protection, Juniper Networks
Roll Call

Larry May
• Designated Federal Officer, Critical Infrastructure Protection Advisory Council, Department of Homeland Security
Critical Infrastructure Partnership
Advisory Council Plenary 2013

Welcome

Nitin Natarajan
• Director Critical Infrastructure Policy, National Security Staff
Opening Remarks

Federal Interagency Partners

Caitlin Durkovich
• Chair, Federal Senior Leadership Council (FSLC)
Critical Infrastructure Security and Resilience Month

• President Obama has proclaimed November 2013 Critical Infrastructure Security and Resilience Month
  ▪ Underscores importance of strengthening our Nation’s infrastructure
  ▪ Recognizes the strong public-private partnerships, coordination and collaboration taking place to enhance our national security and resilience

• What you can do:
  ▪ Learn about resources and trainings to strengthen resilience in your organization
  ▪ Work across networks to foster collaboration
  ▪ Communicate to customers and stakeholders your role in ensuring our Nation’s critical infrastructure is secure and resilient

• For more information, visit: www.dhs.gov/critical-infrastructure

• Chair, State, Local, Tribal, and Territorial Government Coordinating Council (SLTTGCC)
Opening Remarks

Critical Infrastructure Sector Partners

Robert Dix
- Chair, Partnership for Critical Infrastructure Security (PCIS)
Opening Remarks

Regional Partners

Chris Terzich
  • Chair, Regional Consortium Coordinating Council (RC3)
Regional Consortium Coordinating Council

Christopher Terzich, Chair
Tom Moran, Vice Chair
Regional Consortium Coordinating Council (RC3) Goal

Understand, connect, enable and build partnerships for the protection of the critical infrastructure of the United States and the resilience of our communities
RC3 Objectives

• Promoting resilience efforts
• Providing the foundation for regional cross-sector collaboration
• Fostering security and resilience that is risk-based
• Enhancing the education and awareness of critical infrastructure interdependencies
Webinar Series

• September and October webinars successful
• Model after successful Joint Critical Infrastructure Partnership (JCIP) Workshops
• Work with InfraGard chapters and regional partnerships
• Use HSIN Connect to reduce cost, enable audience reach and provide polling and engagement tools
• Include small business owners who would not otherwise engage
Landscape Study

• Objectives:
  – 11 interviews conducted to date
  – Detail commonalities and differences across partnerships
  – Focus on demographics; mission areas, priorities, and strategies; and outreach and communication strategies
  – Identify opportunities for DHS IP to meet i

- Food & Ag
- Oil & Gas
- Automotive
- Chemical
- Aviation
2013 National Council of ISACs

1. Increase involvement of sectors without ISACs
2. Updated Charter
3. Cross Sector Information Sharing Portal
4. Private Sector Liaison with the NICC
5. Drills/Exercises
6. Sharing over listserv
7. Real-Time sector Threat Level Reporting
   - Directorate
The DHS Integrated Task Force has made significant progress in completing the deliverables required by Presidential Policy Directive 21 (PPD-21), Critical Infrastructure Security and Resilience, and EO 13636, Improving Critical Infrastructure Cybersecurity. This progress is reflected most recently in the near completion and pending transmittal to the White House of the NIPP 2013: Partnering for Critical Infrastructure Security and Resilience. With almost all the deliverables required by these two policy directives completed, the critical infrastructure partnership must now transition into the implementation phase. These panels will discuss issues and challenges that should be considered in implementing PPD-21 and EO 13636 in a manner that complements national preparedness.
Critical Infrastructure Partnership Advisory Council Plenary 2013

Critical Infrastructure Security & Resilience

Moderator
- Kirstjen Nielsen

Lunch
Critical Infrastructure Partnership
Advisory Council Plenary 2013

Afternoon Sessions

Improving Situational Awareness

- Build enhanced situational awareness so that decision makers have the best available knowledge with which to make decisions. Explore current activities to enhance situational awareness during steady state and as part of incident response and propose ideas on how these efforts could be further improved with industry-government collaboration.
