

# Empowered Trainer Initiative Counter-IED Train-the-Trainer Program

OFFICE FOR BOMBING PREVENTION

The **Empowered Trainer Initiative (ETI)** is a **Train-the-Trainer (TtT)** program managed by the Cybersecurity and Infrastructure Security Agency (CISA)'s Office for Bombing Prevention (OBP), designed to build the counter-improvised explosive device (C-IED) training capabilities of public and private stakeholders by providing trainers with the essential knowledge and support required to effectively deliver OBP's counter-IED and risk mitigation training in their local jurisdictions and/or their individual organizations using accredited curriculum and learning management systems.

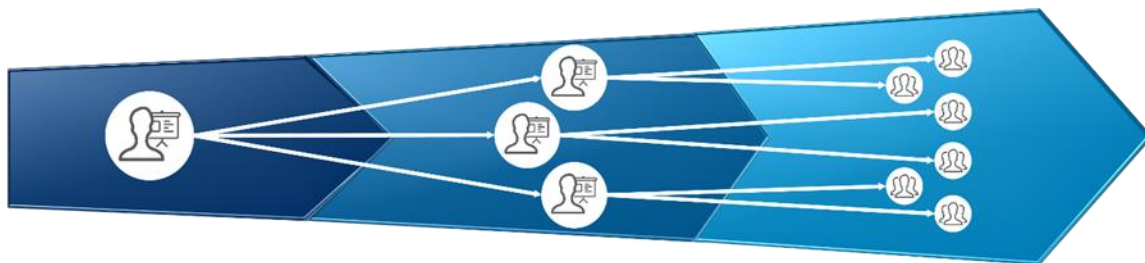

## What is 'Train-the-Trainer'?

OBP trains and supports private, state, and local trainers to teach pre-determined C-IED training curriculum to their local audiences to increase IED awareness and preparedness across the nation.
