SUBJECT: Transmittal of a National Infrastructure Advisory Council Report

Attached for transmittal with this memo is a National Infrastructure Advisory Council (the Council) Final Report and Recommendations, *Executive Collaboration for the Nation's Strategic Infrastructure; Responses to National Security Council Questions*.

In April 2015, the NIAC was tasked by the National Security Council (NSC) staff on behalf of the President to address additional questions related to their report, *Executive Collaboration for the Nation's Strategic Infrastructure* published in March 2015. From October 2015 through November 2015, the NIAC CEO Working Group conducted four meetings to follow-up on the questions. The working group reviewed the questions, reviewed the original report, and provided clarifying responses.

The attached report contains the final findings and recommendations on these topics, deliberated and approved by the Council in its December 1, 2015 quarterly business meeting.
