Welcome

Overview: Introduction of the Information and Communications Technology (ICT) Supply Chain Risk Management (SCRM) Task Force followed by a high-level overview of the importance of securing small and medium-sized business ICT supply chains.

Speaker: Assistant Director Mona Harrington | Cybersecurity and Infrastructure Security Agency (CISA), National Risk Management Center (NRMC)

Securing Small and Medium-Sized Business ICT Supply Chains

Overview: The Information and Communications Technology (ICT) Small and Medium-Sized Business (SMB) community represents over 160,000 companies in the United States that connect, build, and integrate technology products and solutions. Given that ICT supply chain related risks are increasing and are potentially more harmful to SMBs, it is essential for these companies to implement robust supply chain security practices. Panelists will discuss how the upcoming product entitled *Securing Small and Medium-Sized Business Supply Chains: A Resource Handbook for the IT and Communications Sectors* can provide SMBs with practical and actionable measures to mitigate supply chain risks.

Moderator: John Miller, Senior Vice President and General Counsel, Information Technology Industry Council (ITIC)

Panelists: Jeffery Goldthorp, Associate Bureau Chief and Chief Data Officer, Federal Communications Commission (FCC)
Tamber Ray, Regulatory Counsel, NTCA-The Rural Broadband Association
Ola Sage, Founder and CEO, CyberRx

Closing Remarks

NRMC Assistant Director, Mona Harrington
